Paper Gingerbread House

Solid lines: cut. Dashed lines: fold. Print at actual size.

Roof: fold in half

Check the 1-inch line with a ruler before cutting.

Paper Gingerbread House

Solid lines: cut. Dashed lines: fold. Print at actual size.

Color the walls and roof before cutting.

Cut out the wall strip and roof rectangle.

Fold the four walls on their dashed lines. Glue the narrow tab inside.

Fold the roof in half. Glue the roof to the two sloping gable edges.

Leave the bottom open, or place the house on a card base.
